

Humanities Division – Leave of Absence Policy for PhD Students

General Application Procedures

PhD students who wish to apply for any type of leave of absence must complete the [Leave of Absence Request Form](#). This information will be sent to the Humanities [Dean of Students Office](#) for review.

Prior to completing the form, your department should be made aware of your plans and you can contact the Associate Dean of Students at humdos@uchicago.edu with any questions or concerns.

The University policy regarding these leaves of absences can be found in the [Student Manual](#).

- There are specific instructions within the Leave of Absence application form for international students, student employees, and students who have borrowed funds via any student loan program.
- Access to University email accounts is maintained in a Leave of Absence status.
- Students can retain library privileges by requesting quarterly permission via the [ID and Privileges Office](#).
- Students in funding years retain their stipend while on the 1-quarter parental LOA; students do not receive a stipend for other leaves.
- Documentation is requested for leave of absences.

Funding Repayment

If a PhD student requests a LOA before the end of the first week of the quarter, they must pay back, in full, the fellowship stipend funds they received at the beginning of the quarter.

Students who request a LOA after the first week of the quarter, will be responsible for returning a pro-rated amount of the fellowship stipend they received:

- 65% of the stipend if LOA submitted by end of the third week of the quarter.
- 50% of the stipend if LOA submitted by end of the fourth week of the quarter.
- 30% of the stipend if LOA submitted by end of the fifth week of the quarter.
- 0% of the stipend needs to be returned if LOA is submitted after the beginning of the sixth week of the quarter.

Students under the new funding mode (those who matriculated after Summer 2016) will receive funding for the duration of time in their program once they return from the leave of absence.

Course Registration

If a PhD student requests a LOA before the Friday of week three (the end of add/drop period), then the courses will be removed from the student's transcript and no Ws will be recorded. If a PhD student requests a LOA after week three, the enrolled courses would remain on the transcript and Ws would be assigned.

Insurance

If a PhD student requests a LOA before Friday of week three **and has no claims on their USHIP**, they can waive the coverage and not have to pay the premium. If, however, a PhD student requests a LOA after

week three, or has claims from earlier in the quarter, then they will remain on USHIP and must pay the premium. **Please note:** Students who request a parental or medical LOA with documentation will continue to have access to USHIP and the quarterly premium will continue to be covered with aid from the Division.

Resuming Studies

PhD students who do not return from the Leave of Absence by the add/drop deadline of the quarter following the approved leave will be administratively withdrawn from the program. They must [petition to resume studies](#), subject to the approval of the academic program and the Dean of Students.
